Wirelessly connect your Smart TV and up to 3 other devices to the internet

Streaming made easy

Bring Wi-Fi® to the living room, and leave the router in your home office. Get home entertainment devices connected to movies, TV episodes, games and more from your favorite online services. Connect four AV devices—for example, an HDTV, Blu-ray™ player, gaming console and streaming media player.

Dual Band Performance

Dual-band Wi-Fi eliminates interference, providing greater signal quality for fully optimized 3D and HD video streaming. By keeping Internet connectivity strong, the Adapter ensures that your online content is transferred with the highest fidelity possible.
